

LETTER OF INTENT FOR COOPERATION

between

Keimyung College University

and

Samarkand State University

whereas, both Keimyung College University and Samarkand State University agreed to cooperate to newly establish a department of Mechanical Engineering related to the "Leading University Project for International Cooperation", which is supported by the Ministry of Education(MOE) of the Republic of Korea; and

whereas, the two universities recognize the importance role of this project in enhancing mutual understanding between the two countries, which is aimed at promoting sustainable development in the field of education;

Now therefore, after friendly discussion, both parties intend the following:

1. Actively support setting up and operating department of Mechanical Engineering
2. Actively support setting up and operating the Innovation Support Center for Higher Vocational Education
3. Actively support setting up and operating mutual dual degree program
4. This letter is written in both English and in two copies, and both papers have the same governing force.
